### **Forward-looking information**

This presentation contains certain forward-looking statements and information, which relate to future events or future performance including, but not limited to, the company’s successful acquisition of El Cubo on the proposed terms and estimated timing for closing thereof, the ability of GSilver to raise the necessary funding to purchase El Cubo on the terms and conditions contemplated, the ability of GSilver to successfully re-start the El Cubo mill, supply sufficient mineralized material from the company’s El Pinguico project and El Cubo for processing through the El Cubo mill at the projected rate, the ability to generate cash flow from the El Cubo mill as contemplated or at all, the exploration and development potential of El Cubo and El Pinguico and the potential existence of mineral resources thereon, and the potential intersection at depth of the “Veta Madre” with the company’s El Pinguico vein. Such forward-looking information and statements reflect management’s current beliefs and are based on assumptions made by and information currently available to the company. Readers are cautioned that such forward-looking information and statements are neither promises nor guarantees, and are subject to risks and uncertainties that may cause future results to differ materially from those expected including, but not limited to, market conditions, availability of financing, currency rate fluctuations, actual results of exploration and development activities, unanticipated geological formations and characteristics, environmental risks, future prices of gold, silver and other metals, operating risks, accidents, labor issues, delays in obtaining governmental or regulatory approvals and permits, and other risks in the mining industry. There are no assurances that GSilver will successfully finance and complete the acquisition of the El Cubo on the terms contemplated or at all or, if acquired, that the company will be able to successfully re-start the El Cubo mill to process mineralized materials in the amounts and at the costs anticipated. In addition, there is uncertainty about the spread of COVID-19 and the impact it will have on the company’s operations, supply chains, ability to access El Pinguico or El Cubo or procure equipment, contractors and other personnel on a timely basis or at all and economic activity in general. All the forward-looking statements made in this presentation are qualified by these cautionary statements and those in our continuous disclosure filings available on SEDAR at [www.sedar.com](http://www.sedar.com). These forward-looking information and statements are made as of the date hereof and the company does not assume any obligation to update or revise them to reflect new events or circumstances save as required by law.

### **Quality assurance / quality control**

All scientific and technical information in this presentation has been approved by Hernan Dorado, a director of GSilver and a “qualified person” as defined in National Instrument 43-101 of the Canadian Securities Administrators.
